Legislative Counsel's Digest of Assembly Amendments

SB 232, as it passed the Senate, provided that existing law prohibiting a person from offering for sale or for promotional purposes a package, packaging component, or product in a package if the sum of the incidental total concentration levels of all regulated metals exceeds 100 parts per million by weight does not apply to a glass package or packaging component that would not exceed the maximum regulated metal concentration level but for the addition of recycled glass materials, as provided.

The Assembly amendments provide that the prohibition does not apply to a glass package or packaging component that would not exceed the maximum regulated metal concentration level but for the addition of recycled materials, instead of recycled glass materials.
